PRODUCT DESCRIPTION

Clouds Paints Silk Wall Sheen is high quality interior water based paint and formulated using the latest technology of co-opolymer with a fashionable Silky finish, it's recommended in Industrial Offices, Schools and Hospitals for its durability and beauty retention.

SURFACE PREPARATION: Surfaces must first be thoroughly cleaned free from all dust and grease objects for a better result.

NEW SURFACE: Clouds Paints Undercoat is advisable to prime the surface before using the top coat of Clouds Paints Silk Vinyl Emulsion and must be sanded properly for an absolute acceptable finish.

PREVIOUSLY PAINTED SURFACE: The surface must be sanded properly for an absolute acceptable finish before using the top coat of Clouds Paints Silk Vinyl Emulsion.

APPLICATION: STIR WELL BEFORE USE: Clouds Paints Silk Vinyl Emulsion can be applied by brush, roller or spray equipment. For first coat on porous surfaces, ease of application and for spray application paint can be thinned with 10 to 15 % clean water. Avoid over-thinning.

CLEAN EQUIPMENT WITH CLEAN WATER.
DRYING TIME: Touch dry in 1 hour and can be re-coated in 3-4 hours.

SPREADING CAPACITY: 10-12 Square Metres per litre on smooth, non porous surface. Spreading capacity will be substantially reduced on rough textured surfaces.
