PRODUCT DESCRIPTION

Cloud Multi purpose Clear Varnish is a quick-drying clear varnish formulated to produce a tough, gloss finish on interior woodwork.

Recommended for use as a furniture finish and for general application on new or sanded door panels and frames, counters, timber pelmets, skirting boards, wall partitions etc.

Characteristics: Manufactured from a blend of high quality oil modified polyurethane alkyd resin and a special hardening resin that maintains the beauty of the timber.

Advantages

- Retains the natural beauty of timber.
- High spreading capacity and quickdrying.
- Tough, hard wearing abrasion resistant clear gloss finish.
- Ideal for coating furniture and for general use.

Finish High-gloss and Matt Finish. The latter is not recommended for use on floors.

Application: By brush, working well into the surface to get good penetration and adhesion on wood surface.

Thinning: On new and bare timber, the first coat should be thinned to ease brushing consistency using Cloud White Spirit. Subsequent coats can be thinned if necessary. The use of inferior thinners will affect the gloss, drying and durability. Supplied ready for use but may be thinned with Cloud White Spirit for first coat work, on bare timber, and for spray application.

Number of coats: 2-3 Coats

Drying Time

Touch Dry:3-4 hours

Re-coating:12-16 hours, Depending on the surface and ventilation.

High gloss finish and excellent abrasive resistance.

Spreading Capacity: ≈ 12 – 15 m2/l when applied to smooth, non-porous surfaces.

Equipment cleaner: Clean all equipment with Cloud White Spirit immediately after use.

Colourrange: Clear.

Pack sizes:1 litre,4litres and 20 litres.

APPLICATION INSTRUCTIONS AND SPECIFICATIONS

For New and bare woodwork and furniture Preparing the surfaces

New or Bare Surfaces:New surfaces must be clean, dry, free from all defective or poorly adhering material, dirt, grease, wax. Rub down with abrasive paper and dust off. Apply a minimum of 3 coats Cloud Multipurpose Clear Varnish.

Previously varnished Woodwork – sound Condition: Apply 3 coats Cloud Multipurpose Clear Varnish.

Previously varnished Woodwork – unsound timber,Condition: Remove all old and damaged varnish down to bare surface if necessary using Cloud Paint and Varnish Remover and/or mechanical sanding equipment. Prepare surface as for new timber. Apply 3 coats Cloud Multipurpose Clear Varnish.

IMPORTANT NOTES

1. Do not apply (Cloud Multipurpose Clear Varnish over surfaces that have been (previously wax polished unless all traces of polish have been removed).
2. All surfaces should be rubbed down with fine sand paper or waterproof adhesive paper between coats to obtain best results.
3. Ensure the woodwork is completely dry as moisture will react with the varnish and produce a milky appearance.
4. Rub down between coats with fine sand paper (waterproof abrasive paper) and wipe all dust clean.

Cleaning

Clean all equipment with Cloud White Spirit immediately after use.

Storing

Store paint in dry conditions and protect from extreme temperatures.

Recycling

Do not empty into drains or watercourses. Very toxic to aquatic organisms. Dispose of any paint waste in accordance with the appropriate environment quality regulations

HEALTH AND SAFETY

Keep out of reach of children and away from sources of ignition, as product is flammable. In case of fire use foam, dry powder, CO2 fire extinguisher. Work only in areas of good ventilation. Always keep doors and windows fully open during application and drying. In case of contact with eyes rinse immediately with plenty of water keeping eyelids apart and seek medical advice. Wear gloves while working. Use suitable respiratory equipment while applying paint in narrow spaces. Harmful if swallowed seek medical advice immediately. When transporting paint, keep container tightly closed and upright to prevent leakage when not in use. Store in a cool and dry place. In the event of an accident, collect spillage using sand or earth. Do not empty into drains or watercourses. Very toxic to aquatic organisms. May cause long-term adverse effects in the aquatic environment. Dispose of any paint waste in accordance with the appropriate environment quality regulations.
